The 13 Tones of Creation originating from Mayan astrology are individual hand crafted energy chime bars made in Byron Bay. They are based on a binary progression of intervals and can be used to give a a deeply relaxing, non-invasive sound massage.

The sound vibrations emitted by these energy chimes are rich in natural harmonics, which are the healing component of music, triggering alertness, concentration and deep relaxation. Because the human ear is the organ of balance as well as hearing, it is connected by nerve pathways to every part of the body. Based on this principle, sound massage has an emotional impact on the listener and is a simple and yet very effective way to relax, balance and de-stress.

The 13 tones correspond to the 13 major joints in the body; the ankles, knees, hips, wrists, elbows, shoulders and neck. Each individual chime is placed on the corresponding joint and played in intuitive combinations, emitting intriguing sound pulsations. The chimes bathe you in a sea of harmonics, causing the atoms in your body to resonate with the sound vibrations, dissolving the apparent solidness of your physical body and any energy blockages. In this deep state of relaxation, you are realigning both your physical and light bodies with the Universal Resonance.

The 13 Tones of Creation are available by order only
